Dear QuickPass User,

Welcome to Bellasera and QuickPass! Your QuickPass account allows you to authorize visitors and deliveries to your property. Please find your Login and Password towards the end of this message.

QuickPass is a superior web-based access control solution created specifically for managing the unique needs of gated communities. Security personnel get easy hand-held traffic processing from the gatehouse, driveway or vehicle and real-time access to information and reports. Community residents love the speedy entry and convenience of managing visitor lists online, through the mobile app or via text.

Using QuickPass® allows **YOU** to manage and update the following:

- Phone numbers
- Current residents in your home
- A permanent admit list
- Daily visitors, residential services, over-night guests and special events
- Request means of access to the community
